SUMMARY

Full stack developer with expertise in the MERN stack and Next.js. Demonstrated ability to build scalable, reusable components for enterprise-level applications. Passionate about leveraging technology to create innovative and dynamic solutions.

PROJECTS

Personal Finance Tracker

Nov 2023 - Feb 2024

- Created a MERN stack application to track personal finances with dynamic and interactive components.
- Implemented CRUD operations for seamless management of financial entries.
- Integrated Passport.js for secure authentication and Redux for efficient state management, enhancing performance.
- Built and deployed responsive, reusable components on Netlify (frontend) and Railway (backend) for scalable deployment.
- Designed a dynamic chart for clear graphical data representation and financial insights.
- Continuously enhancing the application with practical functionalities to improve user experience.
- Live Project: financetrackersahil.netlify.app

Personal Portfolio Website

Mar 2024 - May 2024

- Deployed a personalized portfolio on Vercel to highlight skills, projects, and achievements.
- Created a fully responsive site using Aceternity UI, incorporating shadcn UI themes and PDF.js for document viewing.
- Integrated Sentry for comprehensive error monitoring and seamless device accessibility.
- Live Project: sahilshityalkar.tech

Petreon

May 2024-Present

- Currently developing an advanced Next.js social media platform for pets, focusing user-friendly design and interactive features.
- Integrating authentication and real-time data updates to ensure secure and dynamic user interactions.

SKILLS

- Proficient in MERN stack development
- Skilled in Next.js for application development
- Advanced knowledge of Git version control
- Strong command of JavaScript programming
- Experienced in creating dynamic web applications

EDUCATION

Bachelor of Science in Information Technology (B.Sc IT)

Jun 2021 - Mar 2024

Ramanand Arya D.A.V College, Bhandup East, Mumbai (A-Grade Autonomous)

- provided a solid foundation in technology, enhancing my technical skills and understanding of the IT domain.
